

# FORUM SOLAR PLUS

Book your place now  
NOW!

## ABOUT THE CONFERENCE

November 26–27, 2024  
at bcc Berlin Conference Center

## INTRODUCTION

**PLAIN LANGUAGE. COMMON GROUND. PIONEERING SPIRIT.** Forum Solar PLUS, the conference for the photovoltaics industry, embodies these values like no other event. It's where you can:

- ❖ Establish, depend and expand fruitful business relationships
- ❖ Meet the key decision-makers from the solar sector, industry and politics
- ❖ Find important inspiration for your daily work

A large part of Germany's electricity demand is already met by renewables – and solar energy in particular. The relevance of the solar sector will continue to grow in the future. Connect with the players who are designing our future now!

**Forum Solar PLUS** combines an inspiring look at future trends with practical experience across several sectors.

### KEY DATA

**Date:** Tuesday, November 26–27, 2024

**Location:** bcc Berlin Congress Center

**Expected touchpoints:** 650+ attendees

### PROGRAM

Three concurrent sessions | dedicated sponsors' sessions | innovative, interactive formats | focus topics | 100+ contributors

The Forum Solar PLUS program is created and organized by a **program advisory board**. The constitution of the board **changes each year** to create heterogenous groups that reflect the industry's view clearly, independently and comprehensively.

### 3 GOOD REASONS FOR GETTING INVOLVED

- ❖ **Innovation:** Here you can meet the players that drive change in the energy industry every day.
- ❖ **Networking:** Connect with others and join in-depth discussions on the latest topics.
- ❖ **Customized service for a unique atmosphere:** Here at Conexio-PSE, we listen to what our partners want and organize the conference accordingly.

## PARTICIPANTS & TESTIMONIALS

### MEET DECISION-MAKERS AND EXPERTS FROM INDUSTRY, TRADE, SERVICES AND POLITICS!

Connect with key players and benefit from insights, numerous opportunities and the exposure of your company, to expand your business.

Participants come from the following sectors:

- Renewable energy industry and services, along the entire value chain
- Representatives from politics and the media
- Lenders, investors and insurance companies
- Energy suppliers, municipal utilities, grid operators
- Project developers, EPC
- Energy consultants, direct marketers, construction companies
- Associations, authorities, interest groups
- Science

### FACTS AND FIGURES:

For 2024, we expect...

- 650 participants
- 100+ contributors
- 250+ companies
- 300+ CEOs, founders and decision-makers
- 250 first-time participants

*"Forum Solar PLUS brings together many key decision makers, demonstrating that we are doing everything we can to drive the energy transition. We connect, discuss and learn from each other as we tackle the challenges ahead of us."*

**Katharina David,**  
CEO, K2 Systems GmbH

*"The future is renewable – this has been known to make financial sense for some time, and legislation has paved the way. However, implementation has not been as consistent and rapid as it should be, and many people are still uninformed. That's why stakeholder events such as Forum Solar PLUS are essential!"*

**Zackes Brustik,**  
Moderator

*"Networking is essential. Making new contacts and maintaining existing ones. At Forum Solar PLUS, I meet all German key industry players.*

*It is time to take a holistic view of the energy transition. Creative approaches, new paths and vision are required – let's get to work!"*

**Marlon Jäger,**  
Managing Director, Ignis Energy  
Germany GmbH

*"Our vision is to provide storage devices and energy management for every grid connection point. They will be necessary when self-consumption/consumption/feed-in as well as load and peak load shaving become time-shifted, and when their output, capacity and applications increase in the course of the users' energy journey."*

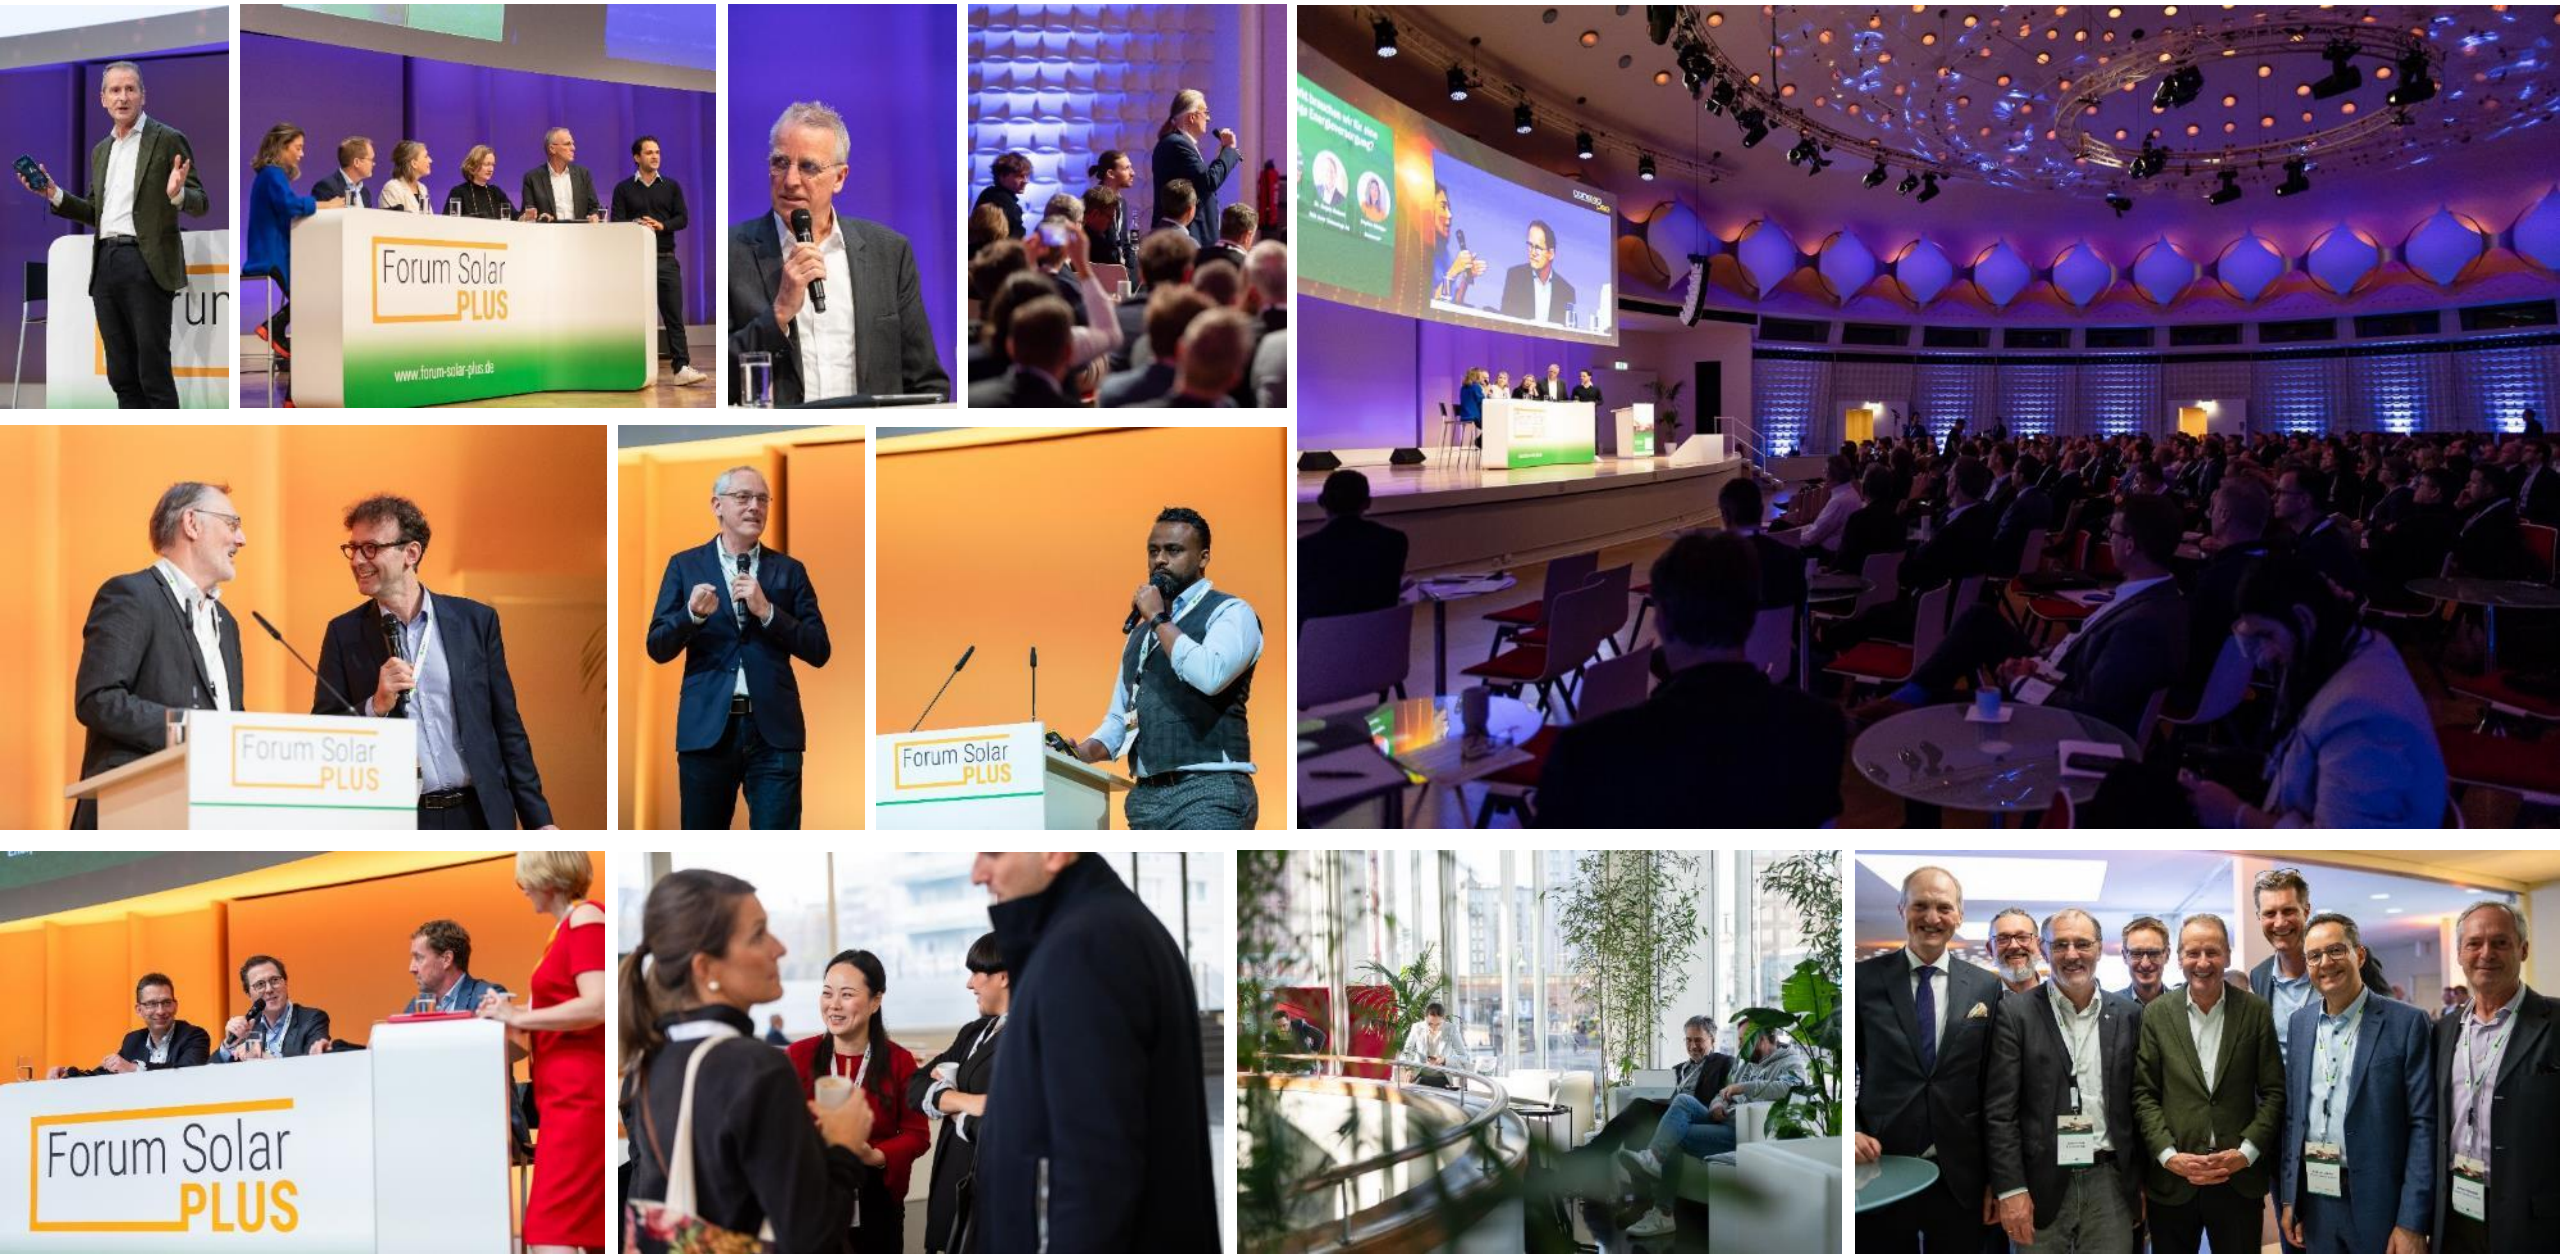

**Franz-Josef Fellmeier,**  
CEO, FENECON GmbH

## YOUR STAGE

### **No more standard company presentations – grab the audience’s attention and make yourself unforgettable!**

The most exclusive packages include your stage appearance. We will determine the most suitable sponsoring timeslot for your topic, with a choice of different formats. Here are some examples from previous years:

**INTERVIEWS:** Our sales team will work with you to prepare questions that will enthuse your audience and present you in the best possible light.

**PITCHES:** It’s not always about being faster, better, bigger, but in this case, it is! Do you want to share a successful project? Did you set a new standard last year? Did you learn something important? And would you like to talk about it? Then a pitch will be the perfect format!

**PRACTICE FORUM:** Do you have one or several projects that are considered best practice? Are you an expert and would you like to report from the field? Here is the perfect format for you: Introduce your topic with a keynote speech and engage with individuals during an expert consultation.

**EXHIBITION:** Showcase your products and services in our exhibition area and get up close and personal with decision-makers from the solar industry in an informal networking atmosphere.

**THEMATIC TABLES:** Provide ideas on particular topics, ask for feedback and debate with attendees in a collaborative atmosphere.

**EXPERT CONSULTATIONS:** In an informal atmosphere, our attendees explore your topics. Short, specialized presentations that go into much more depth than any panel discussion.

**NEW IDEAS?** Share them with us!

**THE FORUM HAS AROUND 50 SPONSORS EVERY YEAR – in 2023 their number exceeded 60!**

## CONTENT PARTNERSHIP

We provide the framework, you provide the stories: That's the idea behind our **content partnerships**, which are part of the sponsorship package. We will communicate your success stories via our channels.

We will check your content for usability and adapt it if necessary:

- Press releases
- Interviews
- Technical articles
- Studies
- Short statements
- Infographics

Please contact us  
to find out more!

### LOCATION / VENUE

The **bcc Berlin Congress Center** is located in the heart of Berlin. The listed building is characterized by its outstanding design and state-of-the-art technical equipment, offering a unique view of Alexanderplatz and the television tower.

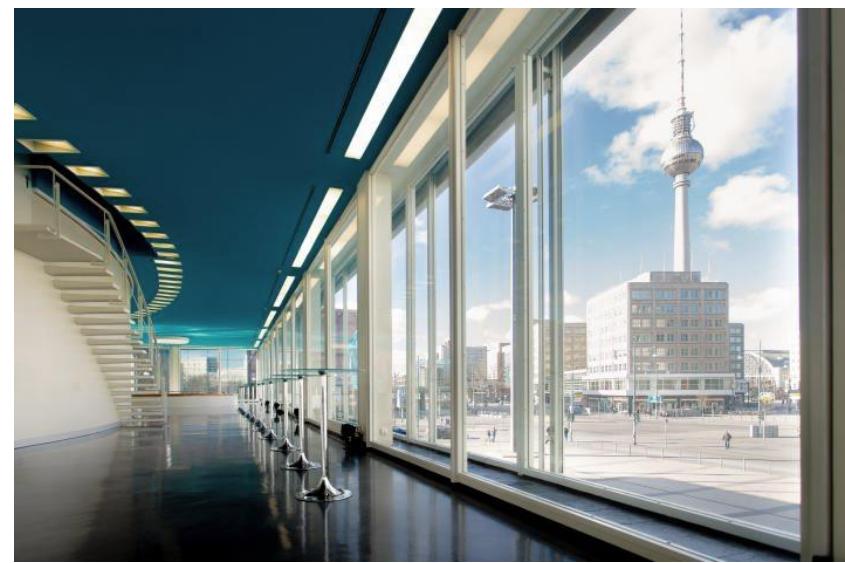

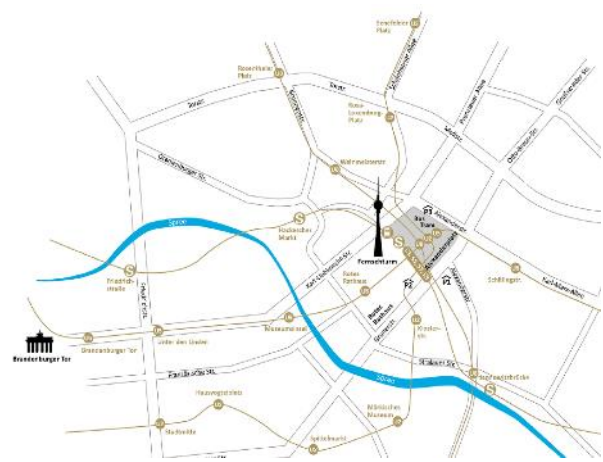

Forum Solar PLUS has exclusive use of two floors, offering ample space and scope for a packed program across three concurrent sessions, as well as plenty of room for networking and quiet spaces.

<https://bcc-berlin.de/de>

**ADDRESS:** bcc Berlin Congress Center GmbH | Alexanderstr. 11 | 10178 Berlin

**CONNECTION:** 3 min | 350 m | Alexanderplatz underground station

**HOW TO GET THERE:** <https://bcc-berlin.de/en/location-travel>

**CONTACT:**

**Vera Lenz,**  
Sales at Conexio-PSE GmbH,  
has a vision of life in harmony with nature. This is why she is committed to the conservation of flora and fauna. And promoting lively debate among players from the renewable energy sector is the perfect way of complementing this commitment.

**Tel. +49 7231 – 5859 8181**  
**Mail: lenz@conexio-pse.de**

**Zoe Lai**  
Head of Energy Industry Events,  
has a wealth of experience in the strategic planning and organization of large expert events. As an experienced manager, the Forum gives her the opportunity to have a positive impact for our future.

**Mail: lai@conexio-pse.de**

**Gesche Maass,**  
Project manager at Conexio-PSE GmbH,  
knows that the event business provides an open stage for new ideas and sometimes debates can be just as heated as those in one of Shakespeare's plays. With her passion for the theatre and cultural history, Gesche knows how to breathe life into engaging formats.
